A Coffee Shop For Good

Our Story

Warm Mornings

Coffee aims to be an inclusive, positive place where anyone can find their community — no matter their identity or background.

Each portion of profit is donated to organizations that work with the local community, particularly people experiencing homelessness and youth empowerment.

Our Coffee

We only use
locally sourced,
organic and
fair trade
coffee beans.

Our Menu

Beverages

From a simple latte to our signature drinks, we make a variety of coffee suited to your daily needs.

Pastries

Whether you need a morning treat or an afternoon pick me up, we have homemade sweet or savory pastries.

Food

To fuel your everyday, we have sandwiches, salads, acai bowls, and more.
